- We do not guarantee the health of ANY animals after they leave the store.
- Chicks will be given the Mareks vaccine.
- Turkeys stress easily, we can not guarantee their health after they leave the store. To minimize the stress, we recommend getting a minimum of 5 turkeys. The White and Bronze turkey's are meat birds, and generally are not capable of breeding naturally. They grow fast and can get to be 50 pounds. The Artisan turkeys are smaller, grow a little slower and are an excellent choice for free range growing.
- Guineas are comical birds. They are excellent foragers, living on insects, seeds and grasses. They are great watch dogs, cackling at intruders or anything unusual.
- We will try to accommodate special orders for breeds of chicks.
- Please make plans to pick up your chicks within 24 hours of their arrival at Mountain View. We will call you when they arrive. Remember, if we can't reach you, we won't hold your poultry.
